BRAND MODEL DESCRIPTION LENGTH

Elan Ripstick 102 The ripstick series from Elan is a super fun, versatile freeride ski. This ski being 102mm underfoot is the widest womans ripstick elan offers which have exceptional performance in deep snow. The soft flexing tips in tails create an amazing bouncy feeling in powder. On the days where there's no fresh, the ripstick 102's are still great for cutting through windblown snow and crud with ease. They provide a very smooth ride and snappy turns on groomers

170

Elan Ripstick 94 The 96mm underfoot Ripstick from Elan is a perfect one ski quiver. Wheter you are laying down turns on a groomer or chading knee deep powder, this ski can do it all. Sharing the same construction as the other models in the Ripstick family the 94 proves that it is home to anwhere on the mountain.

156

Elan Ripstick 88 The ripstick 88 shares all the same great qualities as the 102 but in more narrow package. Slightly stiffer in flex for pushing turns on hard pack, the ripstick 88 carves like no other. It's a true all mountain ski, just as confident on and off piste with snappy turns wherever you find yourself on the mountain
